

Photoshop CS6 Tutorials

[Adobe TV](#) is Adobe System's sponsored site for all training videos on all their products.

[Learn Photoshop CS6 | Adobe TV](#) This is their page just for Photoshop CS6 videos.

[This](#) is an approximately 17 minute video from Terry White, Adobe evangelist and president of the [MacGroup](#) MUG in Detroit showing his 6 favorite new capabilities in Photoshop CS6.

[Creative Suite Podcasts](#) is Terry's own site with a collection of podcasts demonstrating a number of techniques and programs from Adobe.

[Photoshop CS6 Resource Center](#) Here is an independent collection of training videos on using Photoshop CS6.

[Lynda.com](#) is a great tutorial site for lots of training videos on a number of products. Many are free, but to view all their videos on a given subject, a paid membership is required.

Last but not least is [Youtube](#) where a number of user submitted videos can be viewed on photoshop techniques. Some old, some new, some good and some not.
